NSF Tasking to DDCI

Goal- Provide a report which evaluates whether or not OOI Data Delivery “meets the needs” of the oceanographic community. Evaluate other available options, and to the extent possible, identify the resources that would be needed to implement and operate the alternatives.

Community Survey

We want to hear from you!

- Coming in early 2019, DDCI will release a community survey. Please provide your input.
- We value your feedback and it will play an important role in shaping our report.
- Our efforts will be data driven.
