

Leveraging OOI, and Other, Data to Better Understand the Ocean

- Do we really know more about space than the deep ocean?:
<https://science.howstuffworks.com/environmental/earth/oceanography/deep-ocean-exploration.htm>
- 2021 – 2030 United Nations Decade of Ocean Science for Sustainable Development:
<https://www.oceandecade.org/>
- Climate change impacts the ocean (e.g. acidification, sea level rise, etc.), a primary source of life on earth, which is and will impact humanity in meaningful ways so we need to better understand what is really happening to be able to manage this with some level of competency: https://en.wikipedia.org/wiki/Effects_of_climate_change_on_oceans
- Data Sets Are Foundational to Research. Why Don't We Cite Them?:
<https://eos.org/opinions/data-sets-are-foundational-to-research-why-dont-we-cite-them>
