

Northeast Pacific OOI Workshop

Hosted by the
Ocean Observatories Initiative
Facility Board

Welcome to Day 2
June 8, 2022

Funding for this workshop is provided by the National Science Foundation

What better way to Celebrate...

World's Oceans Day!

Goals of Day Two:

- Learn about the full scope of NE Pacific Ocean observing assets available to researchers and educators
- Identify what science questions can be investigated using OOI and other observatory data from NE Pacific assets and how those questions can be addressed.
- Gain insight into how ocean-observing assets in the NE Pacific region can help you answer critical science questions.
