

DSC: Data Systems Committee

Focused on providing input to OOIFB/NSF regarding potential improvements to the OOI data systems focused on the scientific users.

Survey Efforts

- Helped to design, conduct and analyze two OOI community surveys (2019, 2021) 
- Significant effort since Spring Meeting analyzing the data and writing a report 

DSC: Data Systems Committee

Yesterday's Meeting: Identify Priorities Going Forward

- Informative report from OOI Senior Manager CI Jeff Glatstein 🙌
- Two in-depth talks on about the future of ocean data science technology
 - EDR API (<https://ogcapi.ogc.org/edr>) ❓
 - Pangeo Forge ⚙️
- Brainstorming DSC priorities going forward ❓
 - Larger and potentially underutilized datasets (e.g. hydrophone and video data) 💾
 - Explore the idea of a full "mid-life" OOI software stack refresh 🥒
